NOTICE OF TEMPORARY CLOSURE

A message to our valued patients: In light of the World Health Organization's recent declaration of the Coronavirus and resulting COVID-19 illness as a global pandemic, we have taken all reasonable measures to keep our patients and staff safe.

Our top priority is the health and well-being of our patients, families, staff, and community, in accordance with new recommendations issued by Governor Tom Wolf, the CDC, the White House, and the Pennsylvania Dental Society we have made the difficult decision to temporarily close our practice.

As health care professionals, we believe we have a role to play in "flattening the curve" in order to follow sound, scientific public health advice to help limit infections and slow the spread of the virus.

Please be advised that our Office is taking this time during the COVID-19 closure to upgrade our already meticulous Infection Control Protocol including the installation of a hospital grade, antibacterial, anti-mold and anti-viral surface and airborne purification system. . Our staff would like nothing more than to get back to work in assisting our patients and catering to their Dental needs, but we must first assure the health and safety of both our staff as well as our valued patients whom we consider "family".

This is not a decision we take lightly. We believe that by taking these extraordinary precautions, we can make a difference in helping to preserve the limited supply of personal protective equipment critical for emergency dental care and frontline healthcare personnel responding to the pandemic. We will continue to evaluate the situation as it evolves and determine when it is appropriate for us to return to our normal business hours.

We will be contacting our patients immediately once the mandatory governmental restrictions have been lifted. We miss you all and look forward to seeing our "Dental Patient Family" in hopefully the not so distant future.

Thank you for your understanding and loyalty to our office as we and our community deal with this rapidly evolving situation.

Please stay safe and stay well

Sincerely,
Frank M Glushefski DMD
